EDUCATION

Bachelor of Science in Civil Engineering

Civil Engineering

University of the Philippines Diliman

2013 - 2018

Quezon City, PH

SKILLS

- Seismic Retrofit Design
- FEMA Guidelines
- CFRP Strengthening
- Structural Assessment
- ETABS
- ATC-20

WORK EXPERIENCE

Structural Retrofit Engineer

AECOM Philippines

February 2021 - current Makati, PH

- Designed seismic retrofitting systems for 5 government buildings under DPWH rehabilitation program.
- Performed detailed vulnerability assessment of 12 hospital buildings using FEMA P-154 rapid screening.
- Led structural strengthening design using carbon fiber reinforced polymer wrapping for 3 projects.

Structural Engineer – Rehabilitation

EEI Corporation

June 2018 - January 2021 Quezon City, PH

- Assessed structural damage and designed repair schemes for 8 buildings affected by Typhoon Odette.
- Designed post-tensioned slab strengthening systems for 2 commercial parking structure retrofits.
- Coordinated with building owners on phased retrofit implementation minimizing operational disruption.

Structural Engineering Intern

Office of Civil Defense

January 2018 - May 2018 Quezon City, PH

- Assisted in rapid damage assessment of buildings following a magnitude 5.4 earthquake in Batangas.
- Observed structural tagging procedures using ATC-20 post-earthquake safety evaluation protocols.
- Compiled damage assessment forms from 3 affected municipalities for the OCD disaster database.
