EDUCATION

Bachelor of Science in Mechanical Engineering

Mechanical Engineering

Bataan Peninsula State University

2013 - 2018

Bataan, PH

SKILLS

- AWS D1.1
- Welding Inspection
- ASME Section IX
- WPS/PQR Development
- NDE Methods
- CWI Certification

WORK EXPERIENCE

Welding Engineer

Hanjin Heavy Industries Philippines

February 2021 - current Subic Bay, Bataan, PH

- Qualified 12 welding procedures for shipbuilding applications per ASME and AWS standards.
- Supervised 80+ welders across 3 hull assembly sections ensuring weld quality compliance.
- Reduced weld defect rejection rate by 24% through enhanced welder qualification program.

Welding Inspector

EEI Corporation

June 2018 - January 2021 Quezon City, PH

- Conducted visual and NDE inspections on structural steel welds for 4 industrial projects.
- Reviewed and approved welding procedure specifications and welder qualification records.
- Coordinated third-party weld inspection activities during pressure vessel fabrication.

Welding Engineering Intern

National Steel Corporation

January 2018 - May 2018 Iligan, PH

- Observed welding operations and quality inspection procedures in the structural fabrication shop.
- Assisted in preparation of weld maps and inspection records for steel construction projects.
- Compiled welder performance records used for annual qualification renewal assessments
