Laguna, PH

EDUCATION

Bachelor of Science in Mechanical Engineering

Mechanical Engineering

De La Salle University – Dasmariñas

2014 - 2019

Cavite, PH

SKILLS

- SAP PM
- Predictive Maintenance
- Root Cause Analysis
- RCM
- FMEA

WORK EXPERIENCE

Reliability Engineer

Toyota Motor Philippines

February 2022 - current Santa Rosa, Laguna, PH

- Developed and implemented reliability centered maintenance program for 120+ critical equipment.
- Reduced unplanned downtime by 31% through FMEA-driven predictive maintenance strategies.
- Led root cause analysis investigations for 25+ major equipment failures per year.

Maintenance Engineer

Integrated Micro-Electronics Inc.

June 2019 - January 2022 Laguna, PH

- Managed planned maintenance schedules for 200+ semiconductor production machines.
- Implemented vibration analysis program identifying bearing failures 3 weeks ahead of breakdown.
- Reduced spare parts inventory cost by 18% through consumption analysis and stock optimization.

Reliability Engineering Intern

Petron Corporation

January 2019 - May 2019 Batangas, PH

- Observed condition monitoring rounds including vibration, thermography, and oil analysis.
- Assisted in updating equipment criticality rankings for the refinery asset register.
- Compiled mean time between failure data for 4 rotating equipment classes.
