EDUCATION

B.S. Civil Engineering (Geotechnical Track)
Civil Engineering
University of the Philippines Diliman
2014 - 2019
Quezon City, PH

SKILLS

- GeoStudio
- Slope Stability Analysis
- Pile Design,
- Soil Investigation
- Boring Log Interpretation

WORK EXPERIENCE

Geotechnical Engineer

AECOM Philippines

Mar 2022 - current Makati, PH

- Conducted slope stability analyses for 4 infrastructure projects in landslide-prone areas.
- Managed subsurface investigation programs including SPT borings and laboratory soil testing.
- Prepared geotechnical reports and foundation recommendations for 6 high-rise projects.

Foundation Engineer

EEI Corporation

Aug 2019 - Feb 2022 Quezon City, PH

- Supervised installation of 500+ bored piles for 3 large-scale commercial development projects.
- Monitored pile load tests and interpreted results for foundation design verification.
- Coordinated with structural engineers to resolve 20+ geotechnical design conflicts during construction.

Geotechnical Engineering Intern

PHIVOLCS

Jan 2019 - May 2019 Quezon City, PH

- Assisted in liquefaction hazard mapping for 2 coastal municipalities in Metro Manila.
- Participated in post-earthquake ground reconnaissance surveys after a magnitude 5.8 event.
- Compiled boring log data from 3 PHIVOLCS research sites into a centralized GIS database.
