WORK EXPERIENCE

Structural Engineer

Megawide Construction

Feb 2020 - current Davao, PH

- Designed structural systems for 3 high-rise buildings ranging from 15 to 24 floors.
- Performed seismic analysis ensuring full NSCP 2015 compliance across all projects.
- Resolved 50+ structural conflicts with MEP consultants during design development.

Project Engineer

DPWH Region XI

Aug 2017 - Jan 2020 Davao, PH

- Supervised 4 road and bridge projects worth PHP 180M combined.
- Prepared quantity take-offs and cost estimates with 95%+ accuracy versus final billing.
- Reviewed contractor submittals and shop drawings for specification compliance.

Engineering Intern

Titan Construction Corporation

Jan 2017 - Jun 2017 CDO, PH

- Monitored daily construction progress of a PHP 50M commercial building project.
- Drafted as-built drawings in AutoCAD for 2 completed residential structures.
- Conducted slump and compressive strength tests for material quality control.
