- Reinforced Concrete Design

WORK EXPERIENCE

Senior Structural Engineer

AECOM Philippines

Jan 2021 - current Makati, PH

- Led structural design of a 32-story mixed-use tower currently under construction in BGC.
- Performed pushover and time-history analyses to verify seismic performance of 4 buildings.
- Supervised a team of 5 junior engineers producing 200+ structural drawings per project.

Structural Engineer

EEI Corporation

Aug 2017 - Dec 2020 Quezon City, PH

- Designed reinforced concrete and steel structures for 6 industrial warehouse projects.
- Reviewed and approved shop drawings submitted by 3 subcontractors on concurrent projects.
- Coordinated with geotechnical team to finalize foundation designs for soft soil conditions.

Structural Engineering Intern

DMCI Homes

Jan 2017 - Jun 2017 Manila, PH

- Assisted senior engineers in preparing structural calculations for mid-rise residential buildings.
- Drafted reinforcement detailing drawings in AutoCAD for beam and column sections.
- Conducted site visits to verify as-built conditions against approved structural plans.
