EDUCATION

Bachelor of Science in Computer Science

Computer Science

Ateneo de Davao University

2014 - 2018

Davao City, Philippines

SKILLS

IoT

MQTT

Embedded Systems

Python

Microcontrollers

Cloud Integration

Git

WORK EXPERIENCE

IoT Engineer

SmartLink Innovations

2021 - current / Davao City, Philippines

- Developed IoT solutions integrating sensors, cloud platforms, and embedded devices for smart automation systems.
- Implemented MQTT and REST-based communication protocols for real-time device monitoring.
- Collaborated with hardware and software teams to improve IoT system reliability and scalability.

Embedded Systems Associate

TechSense Labs

2018 - 2021 / Davao City, Philippines

- Assisted in integrating sensors and microcontrollers into IoT prototypes.
- Maintained firmware documentation and device testing reports.
- Supported troubleshooting and deployment activities for connected devices.
