anavarro@email.com

(63) 917-421-7785

Baguio City, Philippines

🎓 EDUCATION

Bachelor of Science in Geodetic Engineering

Geodetic Engineering

University of the Philippines Diliman

2015 - 2019

Quezon City, Philippines

★ SKILLS

- AutoCAD Civil 3D
- Topographic Mapping
- GIS (Geographic Information Systems)
- GNSS (Global Navigation Satellite System)
- Remote Sensing
- Land Surveying Techniques
- ArcGIS
- Technical Reporting

👤 WORK EXPERIENCE

Geodetic Engineer

National Mapping and Resource Information Authority (NAMRIA)

📅 Jan 2021 - Apr 2026 📍 Taguig, Philippines

- Conducted land surveys and boundary verification for government infrastructure projects.
- ✓ Processed GPS and GIS data to improve mapping accuracy by 20%.
- Prepared topographic maps and technical survey reports for land development projects.

Junior Land Surveyor

Sta. Clara International Corporation

📅 Jul 2019 - Dec 2020 📍 Pasig, Philippines

- Assisted in field surveys using total stations and GNSS equipment.
- Performed data encoding and coordinate plotting using AutoCAD Civil 3D.
- Coordinated with engineering teams for site boundary verification.
