KEVIN TORRES

Manufacturing Process Engineer

✉ ktorres@email.com
📞 (63) 916-442-1188
📍 Cavite, Philippines

EDUCATION

Bachelor of Science in Industrial Engineering
Industrial Engineering

University of Santo Tomas
🗓 2014 - 2018
📍 Manila, Philippines

SKILLS

- Lean Manufacturing
- Six Sigma
- Process Optimization
- Production Planning
- Root Cause Analysis
- Quality Control
- SAP

SUMMARY

Manufacturing Process Engineer experienced in process optimization and production efficiency improvements in electronics manufacturing. Skilled in lean methodologies, quality control, and data-driven problem solving. Proven ability to improve production yield and reduce operational waste.

WORK EXPERIENCE

Manufacturing Process Engineer

Texas Instruments Philippines

🗓 Apr 2021 - current 📍 Baguio, Philippines

- Improved semiconductor production yield by 12% through process optimization.
- Analyzed manufacturing bottlenecks and implemented lean manufacturing solutions.
- Developed SOPs for automated production systems.

Process Engineer

Epson Precision Philippines

🗓 Jun 2018 - Mar 2021 📍 Lipa, Philippines

- Conducted time studies and process capability analysis for assembly operations.
- Reduced material defects by implementing quality control measures.
- Collaborated with QA teams to improve production efficiency.
