- Java
- Git / Version Control
- Data Management & Validation
- Attention to Detail
- Analytical Problem Solving
- Documentation & Organization
- Collaborative Development

HOBBIES

- Food Photography
- Travel Photography
- Video editing and post-production

CAREER OBJECTIVE

Highly-driven computer science student with growing knowledge in Bitbucket, Oracle, and Java, seeking a software engineering internship at Microsoft. As a Microsoft Certified: Azure Developer Associate, I'm ready to contribute my passion and skills to help drive innovation as a global technology leader.

WORK EXPERIENCE

Data Entry Specialist

Expedia Group

May 2023 - current Seattle, WA

- Processed booking and customer data updates across travel reservation systems, maintaining accuracy across 1,200+ weekly record entries used by operations teams.
- Validated reservation details and transaction fields in internal databases, ***reducing input discrepancies to below 0.6% error rate*** during monthly quality audits.
- Maintained organized documentation for travel data workflows, supporting 4 operational teams responsible for reservation processing and reporting.
- Coordinated with support and operations staff to complete data updates within a 24-hour service turnaround window for customer itinerary changes.

PROJECTS

Tech Pursuit

Creator

2024 - 2025

- Designed a relational data model for player profiles, game states, and leaderboard tracking using SQL, improving in-game data retrieval performance by 38% during playtesting.
- Streamlined the development workflow through build automation and asset management in Visual Studio, ***shortening overall project compilation time*** by 11%.
- Implemented version control and collaboration practices using Git, organizing contributions across 4 core gameplay modules while minimizing merge conflicts.
- Enhanced non-player character behavior by developing rule-based AI systems in Java, increasing average playtester satisfaction ratings to 4.3 / 5.

CERTIFICATIONS

- Microsoft Certified: Azure Developer Associate
- Oracle Certified Professional: Java SE 11 Developer
