EDUCATION

Bachelor of Science
Mechanical Engineering
University of Colorado, Boulder
2017 - 2021
Boulder, CO

SKILLS

Project Planning & Management Tools
Primavera P6

CAD & Design Software
SolidWorks

Simulation & Analysis Tools
MATLAB / Simulink

Quality & Compliance
Production Part Approval Process

CERTIFICATIONS/ LICENSES

PMP Certification
PE Certification

WORK EXPERIENCE

Mechanical Project Engineer

Thoms & Associates
2023 - current / Denver, CO

- Presented technical brief on mechanical design features to 10-person factory team and client, ***resolving 5 key design queries***
- Led a team of 5 in project analysis sessions for 10 clients, increasing satisfaction scores by 6%
- Supervised a team of 5 subcontractors to develop an automated machine using SolidWorks and PLC programming tools, reducing time to market by 3 weeks
- Developed project timeline for mechanical design in Microsoft Project, improving coordination among 10+ team members across 4 offices

Junior Mechanical Engineer

Opentrons
2021 - 2023 / Denver, CO

- Identified key functional areas and documented system behavior in MATLAB and Simulink, enhancing debugging clarity for 120+ components
- Contributed to project onboarding efforts by creating training materials, helping reduce new team member ramp-up time by 17%
- Supported design documentation and layout preparation for over 300 projects, ***with an average time savings of 5.2 hours per project*** through streamlined workflows
- Caught 37 pre-release design issues during QA/QC reviews in SolidWorks, ensuring high-quality client delivery

Cashier

Target
2020 - 2021 / Denver, CO

- *Managed customer service desk for 4 shifts weekly,* addressed guest questions and resolved complaints promptly
- Implemented a management training program across 7 stores during the pandemic
