GLORIA ENRIQUEZ

Polymer and Plastics Engineer

CONTACT

genriquez@email.com
(63) 976-999-0011
Laguna, PH

EDUCATION

Bachelor of Science in Chemical Engineering

Chemical Engineering

University of the Philippines Diliman

2014 - 2019

Quezon City, PH

SKILLS

- Injection Molding
- Mold Flow Analysis
- Polymer Characterization
- Extrusion
- ASTM Plastics Testing

WORK EXPERIENCE

Polymer Process Engineer

Petron Petrochemicals

March 2022 - current Batangas, PH

- Optimized polypropylene resin production parameters increasing throughput by 12%.
- Investigated and resolved 8 polymer degradation issues affecting product grade quality.
- Led qualification trials for 3 new PP grades targeting packaging and automotive applications.

Plastics Engineer

Jardine Packaging Corporation

July 2019 - February 2022 Laguna, PH

- Developed injection molding process parameters for 15 new plastic component designs.
- Reduced plastic scrap rate from 7% to 2.4% through mold flow analysis and process optimization.
- Conducted material selection studies comparing 6 polymer grades for food-contact applications.

Polymer Engineering Intern

Philippine Plastics Industry Association

January 2019 - May 2019 Makati, PH

- Assisted in mechanical testing of plastic samples including tensile, flexural, and impact tests.
- Observed extrusion and injection molding operations at 2 member company plant visits.
- Compiled industry production statistics for the annual Philippine plastics sector report.
